

Candy Land

By Hiba Khan

In the summer holiday Sita, Nicky, Joe and Ashleigh were playing on their DS's, but it was Sunday School and they forgot that it was. All the friends had a sleep over at Ashleigh's house. Ashleigh's mum was still in bed fast asleep.

Ashleigh was a really polite and beautiful girl. She was also kind to her friends and family because she always helped them. Her best friends were Joe, Nicky and Sita, who went swimming with her on Mondays, Tuesdays and Fridays. Ashleigh's favourite TV show was Hannah Montana which she watched every day.

When mum finally woke up she went to Ashleigh's room. The children heard mum coming to their room so they quickly put their DS's under their pillows. When mum came into Ashleigh's room they were pretending that they were asleep.

Suddenly the DS's were flashing and making a noise like a Hoover. Then a ship came out from under the pillows. Ashleigh got worried. All the children went inside the ship. Mum got frightened and fainted on the floor. When the children went in the ship they saw lots of buttons and chairs. They sat down on the chairs and Nicky began to drive the ship. It was powerful and magical too. It was really enjoyable, the children were not frightened.

The ship took them to a magical world. It took them on an adventure. When they got there the seat belts wouldn't open and they were trapped. They tried and tried but their seat belts didn't open. All the children started to press the buttons and suddenly all the power went off. They pushed the door open and saw lots of candy like lolly pops, candy floss and chocolate drops which were so yummy. They stuffed so many sweets in their pockets so they looked so fat and funny. Suddenly they heard a strange voice from the ship telling them to go back to the ship. So they went back to the ship and closed the door quickly. Ashleigh pressed the green button which started the ship. In a flash of lightening they were transported home with the sweets in their pockets but when they landed the sweets had disappeared!

Where are the sweets?

What will mum think when she hears about the adventure?
